Washington, DC— The ServiceSource Foundation hosted a Donor Appreciation Reception on September 2 at the Phoenix Park Hotel in Washington, DC. The event, attended by nearly 100 community and business leaders, raised \$100,000 for the launch of ServiceSource Foundation’s Circle of Dreams Campaign.

The ServiceSource Foundation’s Circle of Dreams Campaign encourages continued community support for programs and services that enhance the lives of people with disabilities. Money generated from the campaign will be used to fund rehabilitation and employment programs and pay for items such as an accessible van to promote inclusion in the community, sensory perception equipment, music and art therapy programs and accessible furniture and appliances used by ServiceSource’s Day Support Programs.

The evening event featured wines donated by Zonin USA, Inc., a producer and importer of fine Italian wines. Pietro Morelli and Tom Colli represented Zonin to introduce the wines. Hors d’oeuvres were prepared by a talented international culinary team led by Brad Nelson, Vice President Culinary and Corporate Chef of Marriott International, Inc. Other sponsors of the event included the Pheonix Park Hotel, Barceló Cresline Corporation, Choice Hotels International, Hogan and Hartson LLP, Marriott International, Inc., National Mailing System-Digital Office Products, Nino R. Vaghi Foundation, Inc., Joseph P and Mary Burns Vaghi, US Trust/Bank of America, the Wardinski Family Foundation and Winn Solutions LLC.

“Many of the programs at ServiceSource would not be possible without the generosity of our sponsors, said Bruce Wardinski, Chairman of the ServiceSource Foundation. “I am happy to say that one hundred percent of the money raised at these events goes directly into programs that have an enormous impact on people with disabilities everyday.”

The ServiceSource Foundation is a non-profit organization that assists ServiceSource, Inc. by developing and providing resources that impact local communities and foster sensitivity and support for individuals with disabilities in community life. Since its inception in 2004, the Foundation has raised more than \$1 million dollars in support of unfunded or underfunded programs for people with disabilities at ServiceSource. In 2009, the Foundation allocated more than \$900,000 for the purchase and renovation of the Prince William Neighborhood Place, a community-based day support program where individuals with disabilities learn life skills leading to increased independence and participate in paid work activities. The Foundation landscaped both Prince William and Annandale Neighborhood Place to make the grounds more aesthetically pleasing and accessible. Last year, the Foundation also provided full scholarships to Northern Virginia Community College’s Career Studies program for two students with disabilities. The ServiceSource Foundation’s Annual Spring Wine Feast will be held on May 13, 2010.
